RESPONSE TO RESTRICTION REQUIREMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This paper is responsive to the Office Action mailed June 23, 2005. Applicant has enclosed with this paper a Petition for Extension of Time to make this response timely.

The Examiner requires an election of a single invention defined according to Groups I-XXXII, as set forth on pages 2-6 of the Office Action. According to the examiner, each of these inventions is an independent and distinct invention under 35 U.S.C. § 121. However, the examiner notes that claims 1-3, 17-25, and 39-45 are linking claims, and that "[u]pon allowance of the linking claim(s), the restriction requirement as to the linked inventions shall be withdrawn and any claim depending from or otherwise including all of the limitations of the allowable linking claims will be entitled to examination in the instant application." Office Action at 6.

Applicant traverses the restriction requirement as unduly excessive but files the present response merely for sake of promptly prosecuting the case. Applicant elects Group III (claims 5-7 and 27-29) "drawn to a method for treating a condition in a patient, wherein said condition is a hyperplasia, hypertrophy, or overgrowth of a tissue." Applicant understands that the restriction requirement will be withdrawn between the linked inventions upon finding the linking claims allowable.

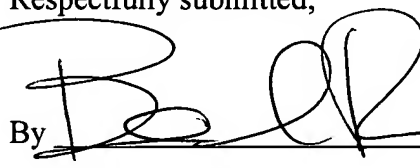

The Examiner also requires an election of species, as set forth as (a)-(k) on pages 8-9 of the Office Action. Applicant understands that, upon allowance of a generic claim, the scope of examination will be expanded to the non-elected species. Accordingly, Applicant elects "(a) SEQ ID NO: 1, a fragment thereof, a homolog thereof, a variant thereof, a derivative thereof, or an enantiomer thereof." Claims 1-46 are readable on the elected species.

The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.

Respectfully submitted,
